4. Notes:

4.1. General:

- a. Asset Management Fees are charged monthly and are reflected in a reduction in the value of the unit price of the Investment Portfolio, and are charged on the value of the assets in the Investment Portfolio in question.
- b. **RiY (Reduction in Yield):** Refers to a RiY calculation using an annual administration fee of 0.50% (Excl. VAT), the highest possible initial and annual service and advice fee. The figure includes a performance fee levied on the underlying funds, if applicable. This amount assumes that the fund return is the same as that of its benchmark, as disclosed in the relevant fund fact sheets produced by the investment manager in question. The actual performance fee could be higher or lower depending on the performance of the underlying fund. The performance fee is specific to the fund and is also disclosed in the investment manager fund fact sheets.
- c. **Effect of inflation:** The gross investment return will depend on financial market conditions and the rate of inflation during the policy term. Inflation has a major impact on investment returns, and in general higher inflation leads to higher investment returns and lower inflation leads to lower investment returns. Real rates of return (the excess of the investment return over the inflation rate) give a more meaningful indication of how the investment has performed.
- d. **Effect of Taxation:** Depending on the type of policy, insurance companies pay different rates of tax on investment returns. The effective tax rates may also be different between insurance companies, based on their level of expenses. All benefits paid out under a policy are net of tax and there are thus no further tax obligations for the policyholder.
- e. **Return after expenses:** The RiY shows the extent to which the return on the assets will be eroded due to expenses charged against the policy. The assumed gross investment return of 10% used to calculate the return after expenses shown in the table is not guaranteed, but merely used to illustrate the impact of expenses. The actual investment return earned will depend on the gross investment return earned on the assets and the extent to which this return is reduced by taxation and expenses.
- f. Where an offshore Investment Portfolio is selected, a 0.45% fee for the use of Hollard's foreign investment allowance will be levied by the administrator against the monies invested in the Investment Portfolio..
- g. ****High Water Mark:** Please refer to the relevant Asset Manager for more information on the High Water Mark.
- h. The Investment Portfolios listed above trade on business days only. A business day is any day other than a Saturday, Sunday or South African public holiday.
- i. Unit Trust funds trade on a daily basis on business days.
- j. Notice and dealing periods are set by the asset manager of the fund in question. If you have arranged an alternative date to that of the standard date to process your particular transaction, authorisation of such is required by Hollard Investments, in writing from the asset manager. Hollard Investments will process all trades in line with the standard notice and dealing periods stated herein, unless otherwise notified. Hollard will not be held liable for any losses the client may experience in the event that the expectation was for an alternative dealing date and no authorisation was obtained from the relevant asset manager and given to Hollard prior to trade.
- k. On daily traded funds, all trade instructions received by Hollard by 12pm daily will be processed for trade by T+2. All instructions received after 12pm will be processed for trade on T+3. Monthly traded hedge fund pricing for all trades will be confirmed as near to the end of the month following the trade date as pricing is dependent on the asset manager in question and is not within the control of Hollard.

4.2. Important information on Hedge Funds:

- a. Hedge fund managers must register their funds as Hedge Fund collective investment schemes or Unit Trusts under the Collective Investment Schemes Control Act ("CISCA") and comply with these regulations as required by National Treasury. CISCA is the main legislation that governs the South African Unit Trust Industry. The regulations are intended to provide a greater level of protection, transparency and certainty for investors. Each South African Hedge Fund must register as a Hedge Fund CIS, or Unit Trust. The change does not affect Hedge Funds which are domiciled offshore.

- b. The legislation allows for two categories of Hedge Funds: a Retail Investor Hedge Fund (RIHF), and a Qualified Investor Hedge Fund (QIHF). Each Hedge Fund will register as one of these categories. The classification of the Fund(s) you are invested in is denoted in the fund name in the table above.
- c. A Retail Fund (RIHF) is intended to be marketed to a broader retail market. As such these funds are subject to more stringent legislation regarding transacting frequency, levels of leverage, underlying investment instruments and risk management, amongst other things.
- d. A Qualified Fund (QIHF) is intended for a more technically astute investor and is subject to less stringent limitations. Qualified Investors or their Financial Advisors should have demonstrable knowledge and experience which enables them to assess the merits and risks of a Qualified Hedge Fund investment.
- e. If you wish to place a new investment in a Qualified Investor Hedge Fund, you and/or your Financial Advisor will be required to sign a declaration confirming that you and/or your Financial Advisor are in a position to assess the merits and risks of the investment. This declaration will be available with the relevant Hollard instruction forms.

4.3. Personal Share Portfolios (PSP):

- a. PSP's will only be traded once segregated accounts have been opened at the respective stockbroker.
- b. Should you invest into a PSP and another investment portfolio option, your application will only be processed once the PSP account has been opened, which can take up 5 business days.
- c. A minimum investment amount of R1 million is applicable for investment into PSPs. Certain portfolio managers may apply a higher minimum, as stipulated in the table above.
- d. An investment in a PSP will be charged an additional Annual Administration fee of 0.20% per annum excl. VAT over and above the Annual Administration fee specified in the investment quotation.

4.4. Melville Douglas Dedicated Personal Share Portfolio Fees:

- a. For all new investments or any additional investment made into an investments account opened after 01/02/2015 the following Annual Management Fees will apply:

BASIC FEE (Asset Management Fee) Excl. VAT	
Funds Managed	Annual Percentage
First R10 million	1.00%
Next R40 million	0.60%
Balance above R50 million	0.30%
Participation Fee	
A participation fee of 2.5% will be charged on the capital growth of the portfolio, based on a "high water-mark" principle, irrespective of the size of the portfolio	

- b. For all investments placed prior to 01/02/2015 the following Annual Management Fees will apply:

BASIC FEE (Asset Management Fee) Excl. VAT	
Funds Managed	Annual Percentage
Up to R2 million	1.000%
For the next R3 million	0.350%
For the next R5 million	0.325%
For the next R15 million	0.275%
For the next R25 million	0.225%
Over R50 million	0.175%

AND

PARTICIPATION FEE (Performance Fee) Excl. VAT	
Category	Percentage
Less than R2 million	5.00%
R2 m – R5 million	4.75%
R5 m – R10 million	4.50%
R10 m – R25 million	4.00%
R25 m – R50 million	3.00%
Over R50 million	2.00%

4.5. Annual Administration Fee

- a. Hollard Investments will levy an annual administration fee per policy. It is important to review the fees disclosed on an investment quotation provided to you prior to investing in the Hollard Linked Endowment / Hollard Safe and Secure / Hollard Endowment Plan product or on any subsequent policy endorsement issued to you.
- b. 0.50% of the value of the pooled Investment Portfolio (Share Portfolios and Hedge Funds) may be held in cash to facilitate the deduction of annual fees. This cash portion is incorporated into the daily unit price of the Investment Portfolio, where applicable and as such will not reflect on your Investment Account. We reserve the right to amend these fees at Hollard Life's sole discretion. You will receive prior written notice in the event of a change.
- c. Should you change your Financial Advisor the annual administration fees which you are charged may be altered.

4.6. Tax Recovery Charges:

Endowment policies underwritten by Hollard Life are taxed within the individual policyholder fund in accordance with Section 29A of the Income Tax Act 58 of 1962 as amended from time to time. The individual policyholder fund is subject to income and capital gains tax at the prevailing rates prescribed by legislation. Policy proceeds paid out to policyholders are net of tax. Tax relating to taxable capital gain and taxable income will be passed on to policyholders in the form of an interest and capital gains tax charge. The tax charges applied are disclosed on the investment quotation and are subject to change by Hollard Life. Details of the tax recovery charges applicable to the respective products are provided below.

- a. **Please note:** Any capital gain from Investment Portfolios underlying a share portfolio or managed instrument cannot be offset against other Investment Portfolios that have a capital loss.
- b. Any amendments to the tax legislation may affect the Withdrawal value of your Policy. Policyholders should obtain independent tax advice, relevant to their circumstances, prior to investing.
- c. The Policy is subject to dividend tax of 20%. This will be withheld from the local dividend portion of a distribution received from an Investment Portfolio.

Hollard Linke Endowment / Hollard Safe and Secure:

The tax charge determined by Hollard Life may change because of a change in circumstances including, inter alia; changes to tax legislation (including regulations) impacting current or potentially prior years, a corporate action or any other reason not anticipated at the inception of the policy. Any such change would be subject to review by the Head of Actuarial Function (HAF), acting as an independent party advising the Board for Hollard Life. Prior written notice will be provided in the event of a change.

- a. Should you change your Financial Advisor the tax recovery charges which you are charged may be altered.
- b. **For policies incepted prior to 1 June 2018**
 - The tax charges apply per investment portfolio type as follows (there may be instances where the tax charges differ to those provided below):

Investment Portfolio Type	Income Tax Charge	Capital Gains Tax Charge
Hollard BCI Unit Trust Funds	6.00%	2.40%
Laurium Portfolios	16.00%	8.40%
Alpha Wealth Portfolios	16.00%	8.40%
All other 3 rd party manager portfolios	21.00%	8.40%

- c. **For Policies Incepted from 1 June 2018 to 1 June 2022:**
 - During the Restricted Period a tax recovery charge of 2.4% will be levied on any realised capital gain and 6.00% on any taxable income earned (post this date) in the Investment Portfolios the policyholder is invested in.
